IT'S TIME TO REGISTER!

Should you be one of the 200 delegates from science, industry, civil society and the public sector at the Care for Cancer summit at Uppsala Castle in June?

Let us know by sending an email to: info@uppsalahealthsummit.se

We look forward to hearing from you!

Unpuzzling Cancer in Africa

"There is no point in finding out what is wrong with people if you can't do anything about it, so the whole system needs to move along-side another; we need better and earlier diagnostics, availability of treatment and we need to try to increase patients' ability to pay by increasing access to social security systems".

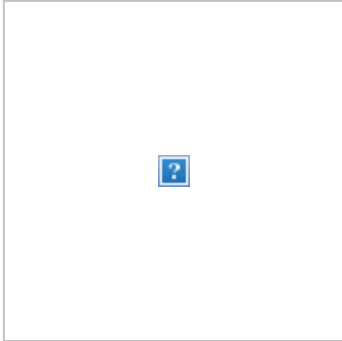

Meet our plenary speaker **Professor Max Parkin**, an Oxford University scholar whose work has been instrumental for our understanding of cancer as a global public health concern.

At Uppsala Health Summit in June, he will talk about how to build an understanding of the global cancer burden using registry data, and share a preview of the latest **Globocan Project** data.

**Childhood Cancer is not Adult
Cancer**

The head of research at **Swedish Childhood Cancer Foundation**, Kerstin Sollerbrant explains why we need to ensure a children's perspective the discussions at Uppsala Health Summit Care for Cancer meeting in June. "Always when we talk about cancer we need to remember that children are not small adults, their bodies are growing and they respond differently to treatment".

Without clinical trials on children we will not advance!

Uppsala Health Summit partner organization Swedish Childhood Cancer Foundation 2017 report includes a sharp call for development of new medicines and possibilities to test targeted medicines on children under controlled circumstances.
